

COUNTER CURRENT JET

Counter Current Jet

Perfect for smaller pools where space is limited, a counter current jet system can ensure a decent swim for swimmers of all levels.

Applications

For fitness training, underwater massage and endless no-lap swimming and unnecessary tumble turns.

Features

1. Powerful counter current.
2. Product can be used as a single or double jet system with one or two pumps.
3. Counter current face plate with LED Light.
4. On/Off light switch mounted on the jet face plate, easy access when you're in the water.
5. Adjust the valve to control the bubble effect.
6. Water flow can be changed through the rotating jet.

Adjustable Nozzle

Under Water On/Off Switch
